

Village Animal Hospital
Surgical & Anesthetic Consent

Client#

All animals admitted must be current on their vaccinations and must be free of external parasites. Any animal found to have fleas or ticks will be treated at owner's expense.

Form with fields for Pet's Name, Age, Sex, Breed, Date, Owner's name, and Phone numbers (Home, Work, Cell).

Medial History and Condition

Please answer the following questions about your pet:

- Is your pet in need of any vaccinations? Y N
Has your pet had anything to eat (not drink) in the last 8 hours? Y N
Does your pet have a known allergy to any medication? Y N
Are there any major medical conditions we need to know about? Y N

(Please talk with receptionist for any question answered "yes").

Today's Surgical Procedure(s):

As with any surgery requiring general anesthesia or sedation, certain risks may result in serious complications or even death. To minimize such risks we offer the following services. You do have the right to accept or refuse these procedures.

Table with 3 columns: Procedure (Pre-anesthetic Blood Work, Post-operative Pain Medication, IV catheter & Fluids During Surgery**), Accept, Decline.

I understand that during the performance of the aforementioned procedure(s), unforeseen conditions might be revealed that necessitate an extension or variance in the procedure(s) set forth. I expect Village Animal Hospital to use reasonable care and judgment in performing the procedure(s). I realize that due to the nature of the procedure and risks involved, results cannot be guaranteed. I am also aware that unforeseen events resulting from the procedures(s) will not relieve me from any obligation to all reasonable costs incurred regarding the animal and that payment is due upon discharge.

Signature of Owner/Agent: Date:

For the sake of your pet while under anesthesia and for your convenience at checkout, please check the box if you desire any of these services.
